

Yeomans Access and Arb – Health, Safety and Environment Policy

Yeomans A&A are a provider of a variety of expert access and arborist services.

We are a family business and pride ourselves on our key operating principles:

1. If the work can not be done safely, then we will not do it
2. If anyone gets hurt whilst working for Yeomans A&A then we have failed ourselves
3. We believe that all accidents are avoidable
4. The majority of our work comes from recommendations, so customer satisfaction is paramount
5. We will operate in an environmentally sustainable manner and dispose of waste materials in the most sustainable way. Using the waste hierarchy.

Reduce - Re-use – Re-cycle – Recovery – Landfill

To ensure we operate safely and manage the risks associated with our work, we will have in place:

- i. Appropriate training for our staff
- ii. Statutory licences for operating plant and equipment
- iii. Personal protective equipment that will ensure our staff are protected against injury
- iv. Appropriate insurance for everything we do
- v. Risk assessments, method statements and toolbox talks for jobs that we undertake
- vi. Systems, procedures to ensure that we comply with all relevant Health, Safety and Environment laws
- vii. A qualified Health, Safety and Environment advisor who is able to provide advice, where required

Yeomans A&A place Health, Safety and Environmental risk management at the heart of everything we do.....Please don't ask us to cut corners that may affect the safety of our workers, as refusal may offend.

If you have any suggestions on how you feel we can improve our Health, Safety and Environmental standards then please let us know.

We are all committed to providing a quality service, whilst maintaining the highest levels of Health, Safety and Environmental Standards
